All committees operate under the direction of the Board of Directors. Unless otherwise noted below, the club president appoints the Chairman for each of the committees in January of each year and the chairman selects, with approval of the President, members to serve on each committee.

The Membership Committee

The purpose of the Membership Committee is to oversee the membership approval and resignation process, recommend membership promotion initiatives and provide the Board of Directors with recommendations relating to membership policies.

Henry Transou Tournament Committee

The Henry Transou Tournament Committee operates under the direction of both the Board of Directors and Tournament Committee. The Chairman, Golf Professional and Golf Course Superintendent choose members to serve on the committee. The purpose of the Henry Transou Tournament Committee is to oversee the Henry Transou Memorial Tournament, which is typically held annually the last Saturday in April. This committee works very closely with the Golf Professional and Superintendent. The funds raised during the Henry Transou Memorial Tournament are used for Cherokee National Junior Golf, including the First Tee Program and special club projects that are approved by the Board of Directors. This Committee also supports The Transou Junior tournament held in September annually.

The House Committee

The purpose of the House Committee is to oversee the clubhouse including functions, golf operations, driving range, food & beverage operations and social hall. They also provide recommendations for clubhouse repair and improvements.

The Swimming Pool Committee

The purpose of the Swimming Pool Committee is to oversee the swimming pool operations. This Committee and the Swimming Pool Manager work closely with the House Committee and Golf Professional/Manager. They also provide recommendations for repair and improvements.

The Communications Committee

The purpose of the Communications & Marketing Committee is to provide information to the membership regarding events and activities, as well as market the course to new members. Communications include Facebook, newsletters, email and signage at Cherokee National.

The Tournament Committee

The Chairman, Golf Professional and Golf Course Superintendent choose members to serve on the Committee. Their purpose is to oversee the tournament schedule for member tournaments, golf outings, as well as manage member handicaps. This Committee works closely with the Golf Professional and Golf Course Superintendent.

The Green Committee

The purpose of the Green Committee is to oversee the golf course and grounds, working closely with the Golf Course Superintendent. The Committee prioritizes golf course projects and recommends course set-up, length of grasses, speed of greens, etcetera to the Golf Course Superintendent. The Green Committee has charge and control of all play on the golf course and related activities. They are also responsible for the maintenance of the golf course including all shrubs, roads, grounds, and improvements (other than the clubhouse and pool). This Committee works closely with the Tournament Committee to ensure play does not damage the golf course.

The Finance Committee

The purpose of The Finance Committee is to oversee the finances of the club including operating expenses and revenues. They prepare and review the Club's operating budget monthly, which is presented to the Board of Directors.

The Junior Golf Committee

The purpose of the Junior Golf Committee is to oversee Cherokee National Junior Golf Association (CNJGA), including junior golf clinics and tournaments. The Committee also supports the First Tee Program. This Committee works closely with the Golf Professional, who directs the junior golfers at Cherokee National Golf Club.
